Instruction:

- 1 Paint the words "Best day ever" on the wooden wreath with the white and light grey Chalky Finish paints.
 - 2 Once the paint has dried well out, apply the Quickie-Glue glue stick along the inner edge of the wooden wreath and the edge of the first letter (B) and immediately sprinkle the still wet glue with the rosy fine glitter dust.
 - 3 Design the metal ring and the wooden wreath with different flowers and leaf twigs by affixing them with the hot melt glue gun.
 - 4 Wrap the metal ring at different spots with the white paper cord. Attach the finished wooden wreath to the metal ring by means of the paper cord.
- TIP:** If you don't have enough room to hang the large flower wreath, you can hang the designed wooden wreath "Best day ever" apart, e.g. on a door or in a window.
